

Yoga for Children

Kids will participate in playful poses, yoga games and storytelling through yoga. Yoga will strengthen and develop muscles and coordination in a non-competitive and nurturing environment. Yoga also enhances self-awareness, body control, imagination, empathy, self-discipline, focus, attention span and self-esteem.

Casey Casteel has a BS in Interdisciplinary Studies with an emphasis in Education, Child Development and Psychology and is currently pursuing her Masters in Education in Counseling through the Sugar Land campus of the University of Houston-Victoria. Casey founded Creative Connections with a mission to bring educational fine arts and movement experiences to her classes. Her classes provide a foundation for a love of learning and the exploration of the creative process while also allowing opportunities to acquire social, academic, cognitive and artistic concepts in an encouraging, supportive and nurturing environment. Yoga will be taught by a Certified Yoga instructor. All instructors have experience teaching early childhood and elementary age students and are employed through Creative Connections.
