

Adult Art Class ~

Everyone is Creative!

with Sheila Zeve Lipkin

Refresh your sketching and painting skills or begin for the first time and be on your way to creating your own art. If you can thread a needle or catch a ball you can sketch and paint. The magic is to get into the right side of your brain. Sheila will show you how to get into your creative side.

This class will teach you the basics of sketching, color theory, and watercolor painting. Learning color theory will get you off to a good start with your paints while sketching will provide you with setting up your compositions, as well as learning a new skill that can be practiced on its own. For those already involved in creating visual art, this class will further enhance your skills.

Sheila set up the sketching program at the Museum of Fine Arts, Houston. She taught sketching and classes using various color mediums for three years at the museum.

Sign up now and treat yourself to a creative adventure!
