

Little iKids Computer Class

Ages 3 - 5 years

Little iKids become Computer Detectives on fun learning adventures to imaginative places such as *The Great Wireless Reef, Email Trail, Cyber Space, Keyboard Castle* and more!

Children work cooperatively as a team to accomplish an exciting computer mission while they move ahead at their own pace on individual laptops with custom software that adjusts academically and technically to each child's level. The program includes computer skills, keyboarding, academic enrichment and more! Children continue the learning adventure at home with access to our online activities that correspond to the current lesson.

The course builds confidence in the following areas:

- Computer skills & basic keyboarding
- Early reading & writing skills
- Listening & communication skills
- Thinking & problem solving skills
- Teamwork & self-confidence

iKids, Inc. provides technology education for children. Our mission is to prepare all children with the essential skills to succeed by building a foundation for today and tomorrow's technology based environment. Find out more by visiting www.ikidsinc.com.
