

Creating a Distinctive Style

{How to pull it all together}

Instructor: Susan Fruit ASID, CGR

A distinctive style is one that is memorable. It is one that uniquely reflects the tastes, interests, lifestyle and culture of its owners. Style conscious individuals want a distinctive look for their interiors - one that is uniquely their own. The trick is in how to create it.

In this six week interior design course, you will discover the essence of style and learn the secret formulas that professional designers use to create beautiful, breathtaking rooms. We will explore the charismatic qualities and characteristics of beauty, style and tasteful design, and learn how to combine fabulous finishes, fabrics, and furniture with captivating colors and tantalizing textures to create a distinctive style. We will look at how to breathe new life into rooms by rearranging furniture, freshening windows with new drapery treatments and correctly accessorizing your accessories and artwork.

Through exposure to great design, you will learn how to express your own unique decorating personality so your home will reflect timeless, tasteful, distinctive style.

Susan Fruit, ASID, CGR, is an award winning interior designer and nationally certified remodeling contractor with over 39 years of professional interior design and home renovation experience. She has a degree in Interior Design from Purdue University and has an extensive background in architectural history and landscape design.
